

University of Hull

SCPHN

Part Time

As a part time student there will be one semester during your course where you will need to devote three days to the programme. For SCPHN this is usually in the first year in semester two.

To make up for this, you will need to spend only one day in practice during the summer of your first year.

YEAR ONE (60 Credits) Trimester	Modules All 20 credits at level 6 or 7
Trimester One ONE DAY in university, ONE in practice (specific practice day are to be negotiated with your practice placement)	Public Health 1 Wednesday
Trimester Two TWO DAYS in university, ONE in practice	Community Nurse Prescribing or Working with families and communities to safeguard children and young people (Tuesday) Public Health II (Wednesday)
Trimester Three (June – September) One day in practice over summer of first year	No university attendance required

YEAR TWO (60 Credits) Trimester	Modules All 20 credits at level 6 or 7
Trimester One ONE day in university, ONE in practice	Using Evidence and Information (Tuesday)
Trimester Two One day in university, ONE in practice	Leading and Organising Specialist Practice (Monday)
Trimester Three ***FULL TIME in practice this is non-negotiable NMC requirement for all students	Consolidation of Practice attendance at study days on alternate Tuesdays and Thursdays
