

UNIVERSITY OF HULL

Corporate Social and Environmental Responsibility

The University's Strategic Vision and Aims recognise its role in enhancing regional, national and global communities and, in particular, in:

- Leading knowledge transfer and contributing to the social and economic redevelopment of our locality
- Enhancing cultural and intellectual community life
- Ensuring environmentally and economically sustainable development

Our approach is one of partnership, valuing our staff and inclusivity.

Our approach to corporate social and environmental responsibility is embedded within a number of key documents, including the Strategic Plan, our Human Resources Strategy and Environmental Strategies as well as a range of policies outlined below. Corporate Social and Environmental Responsibility is overseen by the University's Senior Management Team.

Relevant Policies:

Equality and diversity policies

http://www.hull.ac.uk/equality/codes_policies/index.html

Health and Safety Policy

http://www.hull.ac.uk/safety/safety_info/index.html

Environmental Policies comprising the overarching Sustainability Policy and detailed policies on Biodiversity; Energy and Water; Green Travel Plan; Sustainable Purchasing, and Waste Management

http://www.hull.ac.uk/environment/university_action/index.html

Ethics policies, including Ethical Investment, and signing up to the Fair Trade Federation

Governance statements
