Publications:

Jones HS; Gordon A; Magwenzi S; Naseem K; Atkin SL; Courts FL. The dietary flavonoid quercetin ameliorates angiotensin II-induced redox signalling imbalance in a human umbilical vein endothelial cell model of endothelial dysfunction via ablation of p47\(^{\text{phox}}\) expression (2016) – *Molecular Nutrition and Food Research*, 60 (4), 787-797.

Goodwin S; Allen S; Wells L; Whitham C; Jones HS; Rigby A; Sathyapalan T; Reid M; Atkin SL. Pilot investigation of a virtual gastric band intervention (2016) - *International Journal of Clinical and Experimental Hypnosis*, 64 (4).

Magwenzi S; Woodward C; Wraith KS; Abrurima A; Raslan Z; Jones HS; McNeil C; Wheatcroft S; Yuldasheva N; Febbrio M; Kearney M; Naseem K. Oxidised LDL activates blood platelets through CD36-NADPH oxidase-mediated inhibition of the cGMP/Protein kinase G signalling cascade (2015) – *Blood*, 125 (17), 2693-703.

David R; Jones HS; Hutchinson T; Winter M; Panter G; Chipman JK. Interference with xenobiotic metabolic activity by the commonly used vehicle solvents dimethylsulfoxide and methanol in zebrafish (Danio rerio) larvae but not Daphnia magna. (2012) – *Chemosphere*, 88 (8), 912-7.

Jones HS; Trollope H; Hutchinson T; Panter G; Chipman JK. Assessment of Ibuprofen metabolism by zebrafish larvae using Liquid Chromatography-Mass Spectrometry (LC-MS-MS) (2012) – *Xenobiotica*, 42 (11), 1069-75.

Jones HS; Panter G; Hutchinson T; Chipman JK. Oxidative and conjugative xenobiotic metabolism in zebrafish larvae in vivo. *Zebrafish*, 7, 1, 23-30.
