

FOI Request dated 19/01/2024

**Request Reference: 3043**

Request –

- *How many buildings at University of Hull have been surveyed for RAAC?*
- *How many buildings are confirmed to contain RAAC - please name them*
- *How much has been spent so far on RAAC surveying/remediation?*
- *How much does University of Hull currently anticipate to spend on RAAC remediation?*

**Response**

- **How many buildings at University of Hull have been surveyed for RAAC?**  
Following assessment, it was identified that 67 of the University's 112 buildings were within scope, therefore 67 buildings were surveyed.
- **How many buildings are confirmed to contain RAAC - please name them**  
Four buildings were found to contain RAAC, however, for most only in very isolated areas. The buildings were:
  1. Media Centre
  2. Applied Science
  3. Fenner
  4. Acoustic Research Centre
- **How much has been spent so far on RAAC surveying/remediation?**  
To date, the costs associated with the survey works and temporary protection / supports to affected buildings is approx. £ 50k.
- **How much does University of Hull currently anticipate to spend on RAAC remediation?**  
Information not currently held as the work is ongoing.
