

FOI Request dated 07/02/2024

Request Reference: 3079

Could you please clarify whether the University currently use a digital HACCP (Hazard Analysis and Critical Point) solution within your food & beverage department. To clarify do you currently monitor the temperature of your food and beverage manually or digitally.

If yes (digitally) please advise:

Who is the supplier

When does the contract expire

How much do you currently pay per annually

Response

We currently do this manually, therefore N/A to the remaining questions.
