

FOI Request dated 26/02/2024

Request Reference: 3081

I am contacting you to please request a Freedom of information regarding the student allocation placement systems used in the university for Health and wellbeing courses (Nursing and AHP)

Which systems are currently being used for the previously mentioned courses?

Can you please let me know when these contracts are due to renewal? Has a decision been made as to whether you will be renewing or going back out to tender?

If so, please can you advise on how long the renewal will be for or when the tender is likely to be posted?

Could you please provide a copy of the service/product specification given to all bidders for when these contracts were last advertised?
