

UNIVERSITY  
of HULL

**Request Reference: 3446**

FOI Request dated 07/07/2025 –

*I understand that universities are not currently required to publish supplier-level spend data in the same way that some other public sector bodies do. However, I believe that such information can contribute to greater transparency and a better understanding of public procurement across sectors.*

*As a point of reference, central government departments are required to publish all payments over £25,000, in line with Cabinet Office guidance:*

<https://www.gov.uk/government/publications/procurement-and-contracting-transparency-requirements-guidance>

*I would therefore be grateful if you could provide a list of payments made by the university to external suppliers between **1st April 2024 and 31st March 2025**, where the individual payment exceeded **£25,000**. If full data for this period is not yet available, I would be happy to receive the data up to the latest month currently held.*

*If possible, please include the following fields for each payment:*

- *Supplier name*
- *Amount paid*
- *Date of payment (month/year is sufficient)*
- *Brief description or category of the spend (if available)*

*Amended - Thank you very much for your response and for confirming that you can provide a list of suppliers paid over £25,000 in the requested date range.*

*If possible, I would be very grateful if you could also include the amount paid to each supplier. I completely understand if including other fields like date or category would exceed the time limit, but without the payment values it would be difficult for me to make use of the data.*

*If it helps to reduce the burden, I am happy to receive totals per supplier for the relevant period, rather than individual transactions.*

**Response**

Please find attached.

<b>Supplier Name</b>	<b>Supplier Group</b>	<b>Value</b>
UPP (HULL) LIMITED	General Building Repairs and Maintenance	>£1m
