

University of Hull Undergraduate Scholarships Policy 2012-13 1st year entrants in 2012

1. Background principles

This policy and procedural document aims to clarify the purpose, eligibility and conditions for undergraduate scholarship awards available to new entrants at the University of Hull (the University) in 2012/13.

These awards include the *University of Hull Scholarships*, and the *Vice Chancellor's Scholarships (2012)*, both of which aim to provide financial support to entrants with high levels of academic achievement who come from backgrounds of low residual household income (RHI). This positions our scholarships as part of our commitment to fair access in line with the government's National Scholarship Programme.

A number of key national and institutional criteria make certain courses and individuals ineligible for these awards (see section 12 for further details).

The award of a University of Hull Scholarship nullifies any University of Hull Bursary award which would otherwise have been made.

Users of this document are invited to refer any unaddressed issue to access@hull.ac.uk in writing.

2. Eligibility for an Award

To receive a *University of Hull or Vice Chancellor's Scholarship*:

- Full and part time students must demonstrate a residual household income of less than £25,000 (£42,600 for *Vice Chancellor's Scholarship*) for the tax year ended 5 April 2011, through assessment by Student Finance England. Section 12 gives further information.
- Students must have been assessed by the University as being required to pay tuition fees at the home student rate of £9,000 (part time pro rata). EU students who are required to pay fees at this £9,000 rate are eligible for consideration but international students (outside the EU) are ineligible.

In addition to be allocated a *University of Hull Scholarship*:

- Students will have achieved AAB at A Level (or an equivalent qualification, as specified at www.hull.ac.uk). The University does not recognise General Studies A level grades for the purpose of scholarships.
- Please note that with the exception of the *Vice Chancellor's Scholarships* (which have a June deadline) for the purposes of scholarship eligibility and conditions, the University does not distinguish between clearing and adjustment applications and pre-clearing applications. Academic or learning excellence will be considered at matriculation levels, as defined by University Regulations:

The following groups of students are not eligible to be considered for a *University of Hull or Vice Chancellor's Scholarship*:

- Students undertaking a foundation year. However students who have completed a foundation year may be considered for an award if they subsequently enrol on an eligible undergraduate degree programme.
- Students who are fully or partially sponsored (see Appendix 1).
- Students entering courses funded by or supported through NHS, including Social Work programmes.
- Students entering courses funded by or supported through TDA post graduate funding arrangements such as the Post Graduate Certificate in Education.
- International students (outside the EU).
- Students who do not complete applications with Student Finance England.

The accompanying tables at section 12 show full eligibility criteria for each of our scholarship awards and list those who would be ineligible.

In addition to be allocated a *University of Hull Vice Chancellor's Scholarship*:

Students had to be nominated by appropriate representative from associated colleges and affiliated institutions (see Table 12b for more information).

3. Applications

- University of Hull Scholarships will be automatically awarded and do not require a selection process as long as students consent to share their financial information through Student Finance England and evidence of qualifications is in place.
- Vice Chancellor's Scholarships require nomination by the University's partners in its Federation or Associate Institutions Network and are subject to a subsequent University selection process.

Section 12 provides further information.

Consideration for *University of Hull Scholarships* is automatically completed in late August for those who have met or exceeded the eligibility criteria and for whom RHI information is available. Further consideration for awards takes place throughout the year as information becomes available from the Student Loan Company.

4. Continuation of Award

2012/13 *University and Vice Chancellor Scholarships* are awarded for three years of study and are determined on qualifications and residual household income levels at the time of entry.

However,

- Students will not receive any scholarship award for periods of study (e.g. repeated years) for which awards have already been made.
- Scholarships are not payable during any period where the University tuition fee is reduced (e.g. a year abroad or a year's placement in industry).
- Student withdrawal from study ends all scholarship awards (from the date of formal withdrawal). If an awardee undertakes only part of a programme of study (e.g. intercalation or withdrawal) they will be entitled to their scholarship payments/elements of credit package only if they are actively engaged in their course on 1 December and 1 March (for payment in arrears following the relevant date).
- If an awardee intercalates, they will remain eligible for the remainder of the award upon return to full time study, providing they continue to satisfy eligibility and progression criteria.
- Scholarships are payable for a maximum of 3 years, (including situations where an awardee changes to another eligible programme of study).

5. Appeals

Any new entrant who believes s/he has been unfairly excluded from an award (or part of it) has the right to appeal. Full details are included at Appendix 2.

Please refer to each individual scholarship listed in section 12.

- Cash payments are staggered through the academic year directly into the awardee's bank account.
- In order to receive the payment an awardee must sign the student's declaration section of the PN1 form (for each year of the course) which is available from www.studentfinanceengland.co.uk.
- Bank details must have been supplied on the PN1 form so that the award can be paid directly into the awardee's bank account.

Please note a bursary award may be considered as income received for the purposes of any application to the University of Hull's Access to Learning Fund.

9. Publicity

The University will ensure that the scholarship schemes mentioned above are publicised as widely as possible to potential applicants to the University, in line with the requirements of the National Scholarship Programme. This will include the University of Hull website (www.hull.ac.uk) and other printed promotional materials. Publicity will normally include full conditions/eligibility criteria relating to the scholarships and be updated by mid September each year for the following September entry.

Relevant schemes may also be promoted by individual academic departments in their promotional literature and websites whilst ensuring content is appropriately referenced to the University website (www.hull.ac.uk) to ensure current information is always available.

All Access Agreements are published on the OFFA website (www.offa.org.uk).

10. Responsibilities

The University's Pro-Vice-Chancellor (Engagement) has overall responsibility within the University for the Implementation of this policy. The practical implementation of the policy is the responsibility

of the Director of Student Recruitment, assisted by members of the Directorate. Members of the Access Office have responsibilities for the organisation of the selection process relating to the *Vice Chancellor's Scholarships*.

Appendix 1 – Sponsorship

The impact of full or part sponsorship in the context of the University of Hull is that it reduces fees payable by the individual student entering full honours degrees to less than £9,000 per annum and results in students becoming ineligible for bursary or scholarships in line with NSP guidance.

The following examples illustrate this situation:

- **Corporate sponsorship** of an individual from an employing organisation, managed via a system of purchase order and invoice.
- Students entering ordinarily resident in Wales, Scotland and Northern Ireland who are required to personally pay reduced fees, the balance being covered by government/assembly funds (**Government sponsorship**).
- Students in receipt of a *Vice Chancellors Scholarship*, where the fees payable are reduced by the University itself to zero through full fee waiver (**University sponsorship**).
- Where academic departments charge discounted fees (**University sponsorship**).

The following groups are excluded from the above definition of sponsorship:

- Students entering from a background of care who are assisted by their local council in line with the Children and Young Persons Act 2008 which requires local authorities to give a minimum bursary of £2,000 to care leavers starting a recognised higher education course in line with OFFA guidance. (**Corporate parenting**)
- Students entering from a background of care who are assisted with fees by local councils. (**Corporate parenting**)
- Self-financing students are also excluded from the definition of sponsorship, provided they have residual household income below £25,000 with evidence verified by Student Finance England and consent to share given.
