In the case of the LLM International Law (Conflict, Security and Human Rights) Postgraduate course which is not communicated through UCAS, please give instead the average number of days for a decision to be communicated to an applicant.

Response

To retrieve the average number of days for a response and the reason for refusal would exceed the FOI Cost Limit of 18 hours. Therefore S12 of the Act applies.

Section 12 – Exemption where cost of compliance exceeds the appropriate limit.

s1(1) does not oblige a public authority to comply with a request for information if the authority estimates that the cost of complying with the request would exceed the 'appropriate limit' (18 – hours).

Activities that may be counted within our time estimations are:

- Determining if the information is held;
- Locating the information, or a document containing it;
- Retrieving the information, or a document containing it; and
- Extracting the information from a document containing it.

The following have not been included within our calculations:

- The time spent identifying information to be exempted
- The time dedicated to the process of redaction.

Please take this as a refusal notice in accordance with section 17(5) of the Act which states; A public authority which, in relation to any request for information, is relying on a claim that section 12 or 14 applies must, within the time for complying with section 1(1), give the applicant a notice stating that fact.

Although excess cost removes the forces obligations under the Freedom of Information Act, as a gesture of goodwill, I have supplied information, relative to your request, retrieved or available before it was realised that the fees limit would be exceeded. I trust this is helpful, but it does not affect our legal right to rely on the fees regulations for the remainder of your request.
