

Our Ref: 2364

FOI request dated 12/04/21 concerning;

- 1.) The number of laptops requested by students to borrow since the start of the academic year 2020/21.*
- 2.) The number of laptops the university was able to provide students with since the start of the academic year 2020/21.*

**Response**

We have had exactly 100 requests for laptops to borrow long-term for the past two trimesters. Of those requests, many were signposted to Student Services for the Digital Grant, but we were able to provide 37 loans for those either not eligible or eligible and waiting.
